Terms and Condition

Please read carefully this TAC. The guest or the representative of the group should understand and accept this terms and condition and should relay this to their members. This will ensure the safety and security of every guest at El Paradise Silanguin Beach Camp.

El Paradise Silanguin Camp Resort Terms and Condition

This document describes the terms and condition of El Paradise Silanguin Camp Resort (EPSCR) for every Camper or guests when inside the camp resort.

Every Camper must understand that Silanguin Camp resort is a private resort located at Silanguin Cove, Pundakit, San Antonio, Zambales that has limited Cellphone signals, radio, and TV reception coverage.

There is no commercial road access and the only access to the nearest municipality or city is via banka and may take 2 or more hours travel time, depending on weather or sea conditions. Many Campers have enjoyed their stay at EPSCR resort without any problem or accident but the management of EPSCR would like to advice every Camper to be careful and take note of the following rules and precaution in order to have an enjoyable stay at this beach camp resort.

Camper must understand the following and accept these terms prior to their arrival to the camp site.

A. Pick Up Time:

Campers are requested to be on time at the pick-up site. Normal Pick up time at designated port is between 8-9AM. In case there will be changes in time, please do advice EPSCR about such delay. The boatmen normally provide allowances for late pick up. However, if the trip will be cancelled, a 25% surcharge will be charged to cover the boat and crew preparation.

B. Pricing:

Pricing may vary from time to time. However, there will be no price adjustment after any down payment has been made.

C. Amenities:

Though water is abundant in the area, there are some cases where the water pressure will be low, if there are multiple users of the faucets. The water from the faucets is drinkable but we recommend the Campers to bring their own drinking water to avoid possible stomach problem. The local caretaker can provide the necessary assistance for acquiring additional amenities that the Camper may need such as toiletries, soap, shampoo, cooking gas, extra tables, chairs, etc. that may be charged, as needed, or when available.

D. Boat Transfer:

EPSCR has exclusive lounge banka called El Paradise Cruiser. For some smaller number of guest, EPSCR has boat partnership with local boat operators for transferring passenger to/from Silanguin Cove below 10 passengers. EPSCR will recommend a boat or boats designed for the capacity requested by the Camper/s.

Only the agreed number of Campers shall ride the boat unless the boat capacity can accommodate the extra passengers. Please do advice EPSCR 1 (one) week before if there will

be any changes in the number of contracted passengers so EPSCR can reassign a boat suited for the passenger capacity. All boats are fitted with individual life vest that must always be worn when sailing.

Since outrigger banka are open boats, please advise the passenger not to dwell to high risk parts of the boat to avoid injuries or accident. Avoid staying or grouping only on one side of the boat to avoid capsizing and to maintain the balance of the boat during the travel.

E. Security:

EPSCR has no security guards in the camp area. However, there are dedicated caretaker and families that will be available to respond to any minor issues within the resort. Please note that every Camper must take care of their personal items and belongings and must understand that EPSCR is not responsible for any loss or damage that may happen within the camp resort. Although there were no reported losses within the resort, it is still advisable that every Camper must be aware of securing their belongings.

F. Sports Activities:

1. Every Camper must understand that there are risks of using any of the sports amenities or motorized equipment inside the resort. There is no doctor available in the resort though the camp resort keeps some first aid kits and medicine for minor bruises, cuts, allergies, paracetamol or medicine for stomach problem, if needed. We suggest that you also bring your own emergency kits since not all might be available at the camp resort.

Also, it is advised that Camper's must maintain their own medical needs or maintenance medicine for themselves and/or their companions by bringing own medicines when going to Silanguin Camp.

Campers with health problem/s (e.g. allergies, heart maintenance, nervousness, seizures, etc.) must seek travel pass from their doctor. Every Camper must avoid using any of the sports amenities alone in the sea and must always follow these basic rules of buddy-buddy system.

2. Life vest should always be worn at anytime in any water sports activities.

3. Camper should not attempt to ride or use any of the sports activities or any motorized equipment if under the influence of alcohol/s or any drug/s that may impair good decision making, impair eyesight or individual's reflexes.

4. No hard play or over speeding when using any of the water sports equipment or motorized equipment.

5. Should not go beyond the designated water sports area so help can be provided quickly when needed.

6. Every Camper must look after each other or to implement buddy system. There should always be someone assigned as a look out for any sports activities to be rented in order to alert the others if there will be any untoward incidents

7. EPSCR is not responsible for injuries that may happen when using any of the sports equipment.

8. Don't venture to hiking alone. Ask our local guide tour to accompany you. Bring plenty of

water and enough food for a 2-hour hike (round trip).

G. Bonfire:

1. It is not recommended to set up bonfire near any flammable objects or materials. It should always be in an open area with at least 15 meters distance from the nipa huts, tents or trees. Please get the assistance from our Local caretaker in order to set up these bonfires. Do not set up your own bonfire without advice from the caretaker to avoid possible fire. There are designated areas for bonfire away from flammable materials.

2. No flammable liquid, materials, objects, firecrackers or explosives must be put into the bonfire to avoid fire and/or accident.

3. Every bonfire must be extinguished by the last Camper at the Bonfire by pouring water or using sand to stop the flames.

5. No setting of fire inside the tent nor close to the tent or nipareas.

H. Communications:

1. There is limited cell phone signal coverage. Though SMS can reach the resort sometimes, there is no guarantee that SMS and Voice communication are available at the camp resort.

2. Please advice the Local caretaker if you need to make a call or SMS. There are times when voice and SMS are doable in certain spots of the beach. They can tell you the best spots to get good signal. Smart Network is the available signal at the resort.

I. Swimming:

1. It is recommended to wear protective goggles, shoes and rash guards when swimming to avoid injury from marine animals that may be present such as jelly fish, sea urchins, lion fish, etc. These are common tropical aquatic animals that may be present while you are in the water.

J. Electrical Power:

There is no local provider of electricity at the resort. However, SCR has its own generator that can be rented on hourly basis. This can provide lights and 220VAC sockets for gadgets, devices, music players, etc. Please use standard 220VAC devices only since there is only limited power that the generator can supply. No octopus connection to avoid electric shock and fire. The generator will be shut down upon reaching the time limit and will be announced to the Camper 30 minutes before the effectivity. Please advice the caretaker if you need to rent the generator so they can set this up early on.

K. Drinking of Alcohol and use of illegal Drugs:

EPSCR is drug free resort. It is advisable to refrain from over drinking or taking illegal drugs that may impair reflexes, decision making, cause health problem or even death. EPSCR will not be responsible for any untoward accident or misbehavior of any member of their group as a result of these.

Every camper must make sure that safety and well being of any member or their group members is the priority and group head shall take the responsibility advice all his members to adhere to this rule.

L. Damages:

If there will be damages made by the Camper/s to equipment, gadgets or devices owned by the resort, the Camper is oblige to pay and settle the cost of such damage at the site.

I understand and agree to all these conditions:
